## REVISION TIP!

14 weeks  
until GCSE  
exams start!

Test yourself regularly using practice questions or quizzes. This helps you spot which topics you know well and which ones need more work, so you can focus your revision time on the areas that will make the biggest difference.

## A NOTE FROM TUTORS

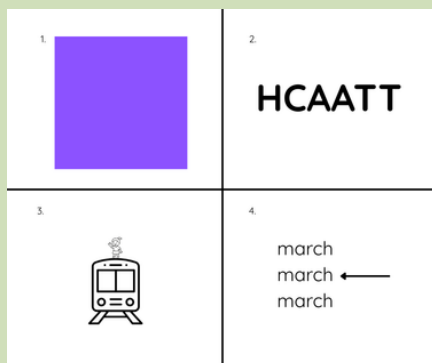

*Good Luck*

Wishing all of our GCSE students that are sitting (or about to sit) mock exams the very best of luck! We know you have been working hard and are keen to do well. Remember, all feedback from these exams is useful in helping you to prepare for the summer exams - they don't have to be perfect!

Thank you,  
The Kip Team
